

Log-in Instructions

Thank you for registering for Summer Learning 2019.

When you registered you logged in to your child's secure profile (account). If you registered more than one child then you logged separately into each child's profile.

By logging in to your child's profile you can view their Profile info, Current Registration and, once the course has ended, a Progress Report (Report Card).

Log in:

1. Go to www.summerlearningcoquitlam.ca and select at the top left *LOGIN/CREATE ACCOUNT*
2. Log in to the profile using your User name and password. Select *Student* as your *User Type*. If you are asked to change your User name, please select "Don't Show Me this Message". You should keep the User name assigned to you above.
3. View your information in your **Profile** (under *Menu*).
4. View your current registration in **Current Registrations** (under *Menu*)
5. View your report card, available the day after the course has ended, in **My Transcript** (under *Menu*). Click on your grade under *Class Grade*.

Important: you may need to change your "content blocker/pop-up blocker" settings to view your report card. We recommend Google Chrome or Internet Explorer.

Forgot your password?

1. In the *Sign In* window click "Forgot your password?" (you need to do this so you can create a password)
2. In the *Reset Password Request* window enter your User name. This User name may be a variation of your email address, don't be concerned if it is or is not your actual email address. It has been automatically assigned to you and is your User name.
3. Enter your email address. Click "I'm not a robot". Select any images as required. Click *Submit*.
4. You will then see a message stating "A password reset link has been sent to your email"
5. In your email's *In Box* you will very shortly receive an email from ceaccounts@sd43.bc.ca with a link and instructions to follow in order to create a new password. This link expires within 24 hours so you should click the link as soon as possible. Follow the instructions to create a new password. Remember your password.

Check out our [Summer Learning Website](#) for all registration and program info.

Please call 604-936-4261 if you have any questions. Enjoy Summer Learning!
